Delivering the Power of IP

## Nationwide Local Phone Service

## Local Phone Service – National Footprint – Unparalleled Service

Axia is a federally recognized ITSP (Internet Telephony Service Provider) offering local phone service in every major phone exchange in the U.S.

Beyond the large carrier footprint and local service termination points, Axia can port telephone numbers from any carrier and portability coverage is maintained in over 92.8% of the U.S.

Axia ports thousands of telephone numbers monthly and switches millions of minutes of local, long distance, and toll free services. Our client list includes major municipalities, hospital networks, banks, credit unions, schools and universities, and thousands of public and private corporations.

### Beyond The Competition

- Flexible Number Portability
- Caller ID w/ Name & Number
- Reduced Rate Plans
- OCN Lata Based Pricing or Traditional LEC Pricing Models
- Interconnected Nationally
- Single Invoice
- Fail Proof Redundancy
- National Taxation Compliance

Technology Solutions That Deliver Value For your Business
